1. Introduction

UniHall is a University Hall Management System designed to manage hall-related activities such as student applications, seat allotment, renewals, complaints, feedback, and notifications. The system supports three main users: Students, Staff, and Admin, each with defined roles and permissions.

2. System Users (Actors)

2.1 Student

Students use UniHall to apply for hall seats, renew allotments, submit complaints and feedback, view notifications, and manage their profiles.

2.2 Staff

Staff assist in verifying applications, managing complaints, monitoring renewals, and supporting administrative tasks assigned by the Admin.

2.3 Admin

Admin has full control of the system. Admin manages applications, renewals, overrides seat allotments, handles complaints and feedback, manages users, and controls system settings.

3. Accessing the System

3.1. Registration (First-Time Users)

Steps

1. Open the UniHall portal.
2. Click **Register**.
3. Enter required details:
 - University ID
 - Name
 - Institutional Email Address
 - Password
4. Click **Submit**.
5. The system sends a **One-Time Password (OTP)** to the registered email.
6. Enter the OTP in the verification screen.
7. The system verifies the OTP.
8. Upon successful verification, the account is activated.

Fig: Registering Account

2. Login (All Users)

Purpose

To securely access the UniHall system.

Steps

1. Open the UniHall portal.
2. Click **Login**.
3. Enter:
 - User ID/Mail
 - Password
4. Click **Login**.
5. The system verifies credentials and grants access.

Fig: Login

3.2 Logout

1. User clicks the Logout button.
2. System clears the session.
3. User is redirected to the login page.

4. User Functionalities

4.1 Student User Manual

4.1.1 Submit Application

Steps:

1. Student logs into the system.
2. Student selects "Application Form".
3. Students fills up required fields Student submits the application.
4. System stores the application and admin can see it.

4.1.3 Submit Complaint and Feedback

Steps:

1. Student selects "Complaint & Feedback".
2. Student enters issue or feedback details.
3. Student submits the form.
4. System notifies Admin and Staff.

The screenshot shows a student portal interface. On the left is a sidebar with a top banner for '2/12/2026' and a 'Please renew before expiry' message. Below this are buttons for 'Profile', 'Notice', 'Application Form', 'My Applications', 'Exam Seat Plans', and 'Complaints' (which is highlighted in blue). Under 'ALLOCATED SERVICES' are buttons for 'Renewals' and 'Complaints'. The main content area has a 'File Complaint' button and a 'My Complaints' tab. The 'File a New Complaint' form includes a 'Title *' field with 'Noise Violation', a 'Description *' text area with 'students playing Badminton ad 12AM', and an 'Attachments (Optional — add PDF/JPG if needed)' section with a 'Choose Files' button and 'No file chosen' text. A 'Submit Complaint' button is at the bottom right.

4.4 Exam controller User Manual

4.4.1 Upload Seat Plan.

Steps:

1. Exam controller logs in.
2. Selects seat Plan.
3. Fills up necessary fields and upload seat plan pdf.
4. Clicks upload seat plan.

The screenshot shows the 'Upload Seat Plan' form within the EXAM CONTROLLER interface. The left sidebar contains links to Dashboard, Seat Plans (active), Results, Profile, and Notifications. The main form area has the following fields:

- Exam Name ***: Text input with placeholder 'e.g., Final Examination'.
- Exam Date ***: Date input with placeholder 'mm/dd/yyyy' and a calendar icon.
- Upload PDF ***: File upload area with a 'Choose File' button and 'No file chosen' text.
- Description (Optional)**: Text area with placeholder 'Additional details about the seat plan...'.
- Seat Plan Details (3-4 combinations)**: A section with a '1/4' indicator, containing three dropdown menus:
 - Semester * (1)**: 'Select Semester'.
 - Academic Year * (1)**: 'Select Academic Year'.
 - Department * (1)**: 'Select Department'.
- + Add Another Combination**: A button at the bottom of the details section.

Fig: Uploading Seat Plan

4.4.1 Upload Exam Results.

Steps:

1. Exam controller logs in.
2. Selects Results.
3. Fills up necessary fields and upload Result pdf.
4. Clicks upload result.

The screenshot shows the 'Upload Exam Result' form within the EXAM CONTROLLER interface. The left sidebar contains links to Dashboard, Seat Plans, Results (active), Profile, and Notifications. The main form area has the following fields:

- Result Title ***: Text input with placeholder 'e.g., Final Exam Results - Spring 2025'.
- Semester ***: Dropdown menu with 'Select Semester'.
- Academic Year ***: Text input with placeholder 'e.g., 2025'.
- Department ***: Text input with placeholder 'e.g., Computer Science'.
- Upload PDF ***: File upload area with a 'Choose File' button and 'No file chosen' text.
- Description (Optional)**: Text area with placeholder 'Additional details about the results...'.
- ☐ **Make visible to admins immediately (Results are never visible to students)**: A checkbox option.
- Upload Result**: A blue button at the bottom.

Fig: Uploading Exam Results

5. Security Features

- Hashing for passwords
- OTP-based authentication

6. Conclusion

UniHall provides a comprehensive, secure, and transparent solution for managing university residential hall allotment processes. By digitizing application submission, automated shortlisting, interviews, seat allotment, renewals, and complaint handling, the system significantly reduces manual workload and administrative complexity.

The platform ensures fairness through rule-based scoring, improves communication via timely notifications, and enhances user experience with a role-based portal for students, administrators, staff, and exam controllers. With a scalable architecture, secure data handling, and support for future enhancements, UniHall effectively modernizes hall management while improving efficiency, accountability, and overall student satisfaction.
